

## COMMUTE TRIP REDUCTION CTR IN THE NEWS

CTR makes your commute more relaxing and stress-free!

### In this issue:

- CTR Strategic Plan
- Jurisdictional Plan Updates
- 2018 Employer Surveys
- WSRO 2018 Fall Conference

## CTR Strategic Plan

On June 22, the CTR (State) Board adopted a draft Strategic Plan to add more flexibility to the program. WSDOT is now making minor formatting changes to the Plan and the final version will soon be published. At the same time, WSDOT is producing more current, useful data about how people commute and their transportation choices.

## Jurisdictional Plan Updates

Good news! The CTR (State) Board has decided to exempt jurisdictions from updating their CTR Plans during the 2019-2023 cycle. The reason: the CTR Board recently updated its CTR Strategic Plan but is still working out the details about how to implement it. Keep an eye on your email Inbox; as more information about this is available, YVCOG will make sure you get it.

## 2018 Employer Surveys

This Fall, we will finish giving out the blank survey forms to those CTR sites that didn't already get them. WSDOT staff asked that we wait until then, to give them time to place an order for new surveys forms. This applies to these employers:

*City of Moxee, City of Union Gap, City of Yakima, WSDOT, Alexandria Moulding, Astria Medical Clinic, DSHS—Yakima, Tree Top, Del Monte.*

## WSRO 2018 Fall Conference

October 14-16 in Bellingham.

Registration is now open for the Fall *Washington State Rideshare Organization* Conference! Here's your chance to connect with transportation professionals and other ETCs, share best practices, and learn about new trends.

Visit the link below for more information and to register. Early bird prices: \$235.00 (for members).

### How does CTR work?

*State and local governments, transit agencies, businesses, and other entities collaborate to offer employees alternatives to driving alone to work.*

*By encouraging people to ride the bus, vanpool, carpool, walk, bike, work from home, or compress their work week, CTR makes transportation better for the entire state.*

***Wheel Options is just around the corner!***
